Subject: Whiting, IN BP Oil Spill- NEW ER

Hi Sam,

At approximately 10am CST today, we received a phone call from OSC Steve Faryan requesting 24 hour START support at a BP oil spill in Whiting, IN. One START member responded from Chicago and a second START member responded with the ER truck from Vernon Hills. OSC Faryan requested we set-up day shift ops from noon to midnight and night shift from midnight to noon. We have two START members identified to work the night shift. Please send us the TDD when you get a chance.

Don't hesitate to let me know if you have any questions.

Thanks!
